November 16, 2016

Regarding: Discontinuation of Andersen AN1080 and AN80 Steritest Indicators

Dear Steritest User,

Our records indicate that you have ordered Andersen AN1080 or AN80 Steritests in the last year.

Please be aware that as of November 1, 2016, we are no longer offering this product to the health care industry.

The products included in this decision include: AN1080 Steritest, AN80 Steritest

Please consider the Andersen AN2203 EZTest Self-contained biological indicator as a substitute for this product. Be aware that the AN2203 requires a separate incubator for the processing of the indicators.

Please contact Andersen Customer Service at 1-800-523-1276 if you have any questions.

Sincerely,

Ann Holt
